Salt Spring Board Of Trade Organized At Ganges

Steering Committee's Recommendations At First Regular Meeting on June 9

More than 78 residents of all parts of Salt Spring Island signified their willingness to become members of a proposed Salt Spring Island Board of Trade on Wednesday evening.

At a dinner meeting called by Gavin C. Mouat at Harbour House, a resolution moved by M. M. Mouat and seconded by C. H. Leigh for the formation of a Board of Trade received unanimous endorsement.

Following dinner and after a clever skit by H. Wheldon on "News," Gavin Mouat told of the need for a community group similar to the Chamber of Commerce or Board of Trade. He roughly outlined problems of a general nature which such an organization could control or improve.

Named chairman for the organization meeting, Mr. Mouat further outlined community needs. He mentioned a daily mail service via ferry "Cy Peck," street lighting, and general improvements urgently needed.

T. Fowler was named acting secretary.

J. B. Ackland read from the Victoria Chamber of Commerce by-laws which outlined the general aims and objectives of the association. He stated that the formation of such a group would not simply mean that it would be a means used to continually hammer at government, but that it would assist residents "in helping themselves." The Board of Trade could guide and assist in a co-operative manner governments and other corporations doing business in the district.

F. C. E. Ford, of Sidney, vice-president of the Sidney and North Saanich Chamber of Commerce, also explained the duties of the Chamber or Board and told of the benefits enjoyed by the Sidney group through the association. "The name Chamber of Commerce or Board of Trade means the same thing," he said. "The same aims and objects obtain in each."

Dr. Meyer spoke briefly of the good such a body could do in health measures. He mentioned the need for better sewage and kitchen waste disposal on the island.

Before voting for the formation of a "Board of Trade," some expressed doubt as to the name, and "Improvement Association" was suggested.

O. Leigh Spencer spoke in favour of the Board of Trade which, he said, "had a greater meaning to all." He also spoke of the many advantages of association with the Canadian Chamber of Commerce. The meeting named 13 members as a "steering committee" to bring in recommendations to a general meeting on June 9, covering rate of fees, and a slate of suggested officers and other pertinent details for the administration of the new board of trade.

Those named were: J. B. Ackland, O. Leigh Spencer, Dr. Meyer, Gavin C. Mouat, Pat Crofton, C. H. Leigh, Gavin Bilton, Robt. Patterson, J. W. Graham, Don Fraser, Desmond Crofton, Cecil Springfield and W. F. Thorburn. On a query from the steering committee the meeting established by vote that women in business will be entitled to membership.

First meeting of the Board will be held on June 9 when officers for the first year will be elected and a charter applied for.

Honeymooners Suffer Food Poisoning

Galiano Island. — The honeymoon of Mr. and Mrs. Keith Horie was marred last week at Galiano Island when they suffered a severe attack of food poisoning. Prompt action of two local nurses, Mrs. Barron and Miss E. Endicott in administering first aid saved the situation. Dr. Roberts of Mayne Island was called and with the co-operation of neighbours the sick couple were taken, at 1 a.m., by Provincial Police Patrol vessel, to Ganges hospital, where they were discharged after treatment.

It is believed that supposed mushrooms were responsible for the attack.

PERFECT WEATHER FOR OPENING SHOOT OF ROD AND GUN CLUB

More than 100 marksmen took part in the opening shoot of the North Saanich Rod and Gun Club on Sunday. It was the grand opening for the newly formed sports group. Representatives from clubs in Nanaimo, Duncan, Victoria and Vancouver took part. A loud-speaking system and a refreshment booth were features of the shoot as well as the excellent arrangements for marksmen at the hotel.

Complete list of event winners is now being tabulated and will appear in The Review next week. Officers of the club are: R. C. Colpitts, president; A. D. Harvey, vice-president; Dave Allen, treasurer; N. West, secretary. Lou North and Ted McFeely are field captains.

ARTHUR ASH SEES BEACH PARK SITE AT SIDNEY

Arthur J. R. Ash, M.L.A., inspected the proposed site for a beach park in Sidney on Tuesday with D. Sparling and G. Cochran, committee appointed by the Chamber of Commerce to develop the project. Mr. Ash also visited re-surfacing work on Glenford Ave. He advised the Saanich Council last week that the Minister of Public Works had authorized an expenditure of \$5,000 for this work on condition the municipality would spend a like sum. This the Council agreed to do.

The grade crossing on East Road near the Wherry is also being re-surfaced.

Mrs. D. Kynaston Elected President N. Saanich P.T.A.

At the election meeting of the North Saanich Parent-Teachers' Association at the High school on Monday evening, Mrs. Dorothy Kynaston was elected president. Other officers are: Vice-president, Mrs. R. Davis; secretary, Mrs. F. C. Adams; treasurer, Mr. Blodgett; membership, Mrs. Philip Brethour and Mrs. B. Mears; publicity and literature, Mrs. W. Gardner and E. Breckenridge; calendars, Mrs. T. Morgan; social convener, Mrs. Joe John; entertainment convener, Mrs. Ayland.

Mrs. O. Thomas, retiring president, was presented with tea spoons and a cup and saucer for her two and a half years of work in office.

Offer of \$250 by the School Board to aid in the construction of a tennis court at the High school was received. Mr. Breckenridge, principal, was authorized to appoint a committee to work on the court this month.

Mrs. Kynaston presented a program of a musical quiz, during which Miss Helen Brethour played the piano. A novelty relay-race and a leaf guessing game. A feature of the refreshments was a birthday cake made by Mrs. H. Starek, of Deep Cove, for the fifth year of the P.T.A. Refreshments were served by ladies of Deep Cove.

WANT AD. DID IT!

Thanks Sidney Man For Finding Wallet

C. E. Hanson, of Wains Cross Road, is feeling relieved and happy today. On May 10, driving into Sidney he tore his trousers and during the morning, lost his wallet. It contained cash, receipts, cheques and personal papers. Mr. Hanson didn't have much hope of having the wallet returned but he placed a classified advt. with The Review.

Last week Dan Butler returned the wallet, which he had found, in the course of his daily rounds of deliveries, and the sun again shone for Mr. Hanson.

BLAZING TRUCK SAVED BY VOLUNTEER FIREMEN

A large crowd gathered at Buckenfields Feed Barn, First St. at 11:15 today (Wednesday) when a truck driven by W. Dignan burst into flames. Quickly burning through the gas line, flames enveloped the underpart of the truck. Sidney Volunteer Firemen using two tanks of CO₂ and water fog soon had the blaze extinguished with very little damage to the vehicle.

The gasoline tank was still three quarters full when the fire was extinguished. Cause of the fire is believed to have been a contact between gas line and battery.

Fred Storey and Frank Spears, of Sidney, both on holiday, left today (Wednesday) to volunteer on Lulu Island for flood fighting.

INTER-ISLAND SPORTS AT GALIANO

Galiano Wrest P.T.A. Cup From Mayne Island

The weather was ideal on May 24 when the Mayne and Galiano inter-island school sports were held by permission of Capt. I. G. Demoreche and the consent of the club members on Galiano Golf course.

This was the first visit by many of the new residents to the picturesque and tricky little course, Capt. Demoreche reporting a substantially increased membership as the result of Monday's visit.

Competing for the P.T.A. cup Galiano won by a narrow margin from Mayne, who had held the trophy for the previous year, the score 114 to 98.

Children and adults alike enjoyed the cream supplied by the two branches of the P.T.A. and soft drinks given by the storekeepers of Mayne and Galiano. Tea and other refreshments were served by the P.T.A.

The trophy was presented by Capt. I. G. Demoreche to Kenneth

Sater, senior student of Galiano school, who had been unable to compete in the sports owing to a fractured arm sustained a few days before the event.

Sports committee for the day was: Mrs. R. Penrose, Galiano teacher; Miss M. Norton, Mayne teacher; Mrs. E. Finnis, Mrs. Art Bennett, Mrs. E. Callaghan, Fred Robson, Ed. Wilson, L. T. Bellhouse and Jack McKenzie Sr.

Fruit Growers Look For Continued Good Prices

To Continue To Maintain Jam And Canning Plant As Insurance

Members of the Saanich Fruit Growers' Association agreed on Tuesday evening to continue to maintain the Victoria Fruit Packing Company Ltd. "as an insurance against adverse marketing conditions." The property and main building is leased from the City of Victoria at \$10 per month, the lease has four years to run.

President Oldfield, asking for comments from the meeting, was asked if the association had considered the purchase of the property. A committee of E. Virgin, E. Holloway and A. Devereaux, which recommended that no changes be made in operation of the packing company, were asked to continue as a committee and investigate the possibilities of purchase. Mr. Virgin stated that if any change was made preferred stockholders of the joint stock company would either have to be bought out or approval by 65 per cent would be required. Mr. Oldfield told the meeting that the building and property had been rented for the past 30 years by the co-operative growers' group.

J. J. Young, secretary, advised that the committee's recommendation be followed. He told of the inactive cannery at Sidney, inactive due to a lack of fruit. The plant owned by the growers was, he said, the only jam plant operating on the island. While in recent years it could not be operated profitably, due to high prices for fruit, the plant was a valuable adjunct to the growers in that, if necessary, they could process their own fruit if all other channels for marketing proved to be disappointing. He urged that members purchase common shares.

Reporting on fruit prices Mr. Young said that there were great hopes of obtaining good prices for the strawberry crop.

Last year's price of 18½¢ for jam berries and 20¢ for barvelled berries was likely, he said. Flood conditions have lost a full 15 per cent of the Fraser Valley crop, with one grower reported to have lost five acres of raspberries, valued at \$15,000. Flood water, said Mr. Young, was two feet above the canes.

Exceedingly large yields were reported from strawberry crops on the mainland, one grower, with acreage on high land, expected a yield of ten tons to the acre.

The Prairie market might lessen, said Mr. Young, distributors there were doubtful about the prices holding as last year.

Straw for growers had been hard to get even at an increase from \$25 to \$29 for a ton. Two carloads were now at Port Mann, in the flooded zone with tracks under water.

LOGANBERRIES
Officials hoped for even better prices than last year, with canning logans at a hoped for 16¢. The possibility that wine logans may be picked this year was being considered, price will determine.

RASPBERRIES
Canning berries (Washington) are still fetching a good price on the mainland. Neuberg variety is not in demand at all.

PONDER WEEVIL BAIT
Some growers expressed doubt as to the strength of weevil bait. Conflicting opinions as to the efficiency of a named brand will be investigated. E. White, of the department of agriculture, spoke briefly on the time and amount of bait to be applied.

He noted that scientists had not yet been able to discover a male weevil, all were female, the egg-laying kind. Mr. White also appeared for co-operation in obtaining statistics for the biennial survey to be made this year.

CHILD INJURED IN FALL FROM SWING

Ronald Musclove, four-year-old son of Mr. and Mrs. J. D. Musclove, Seventh Street, sustained a cut Tuesday afternoon requiring five stitches when he fell from a swing and was struck by a falling beam. The beam hurtled to the ground striking the fallen child on the leg. A piece of the wood was embedded in the boy's leg.

Rushed to hospital, Dr. Roberts removed the wood and attended to the injury. The lad is now at home.

FLOOD RELIEF EVENTS

DANCE—K.P. hall, Sidney, Friday, June 4, sponsored by Knights of Pythias and Rotary Club. Tickets, 50¢, on sale at all stores.

TAKE-A-DAY—Saturday, June 5, sponsored by I.M.C.S. Endeavour Chapter, L.O.D.E.

CASH DONATIONS—Received by Sidney Branch, Bank of Montreal, sub agency at Ganges.

SALT SPRING PLANS

Newly formed committee for the Salt Spring Board of Trade have organized a drive for funds for the B.C. Emergency Flood Committee. Already several hundred dollars have been received and residents of the island are urged to unify their efforts by donating to postmasters at Beaver Point, Fulford, Musgrave and Ganges and at the office of Salt Spring Land Ltd., Ganges, who will issue receipts for income tax purposes.

Debris From Fraser Flood Reaches Almost Gulf Of Georgia

The turbulent Fraser River, now in full flood and causing great property damage in the Fraser Valley, has made itself felt almost across the whole Gulf of Georgia.

Steaming through Active Pass and heading out into the Gulf of Georgia on C.P.R. Motorship "Motor Princess" have observed debris as soon as they enter the Gulf. In normal times the muddy water of the Fraser is encountered just outside the Sands Head lightship, this week-end, however, floating logs, uprooted trees and other debris were carried far out into the Gulf.

On Wednesday evening a dead calf and several horses were seen by crew members of the C.P.R. ferry.

With the river running at an estimated seven knots, the motor ferry has a hard time making time up the river. Capt. Angus Campbell figures if the water continues to discharge with more velocity the ship will lose time on the up-river run, as it is from 10 to 20 minutes in time is lost going the short trip up-river from Sands Head light against the growing current.

EDITORIAL

BUT FOR THE GRACE OF GOD . . .

TO see the swirling waters of a flood cover your newly-tilled soil, to see the floor of your dwelling covered by the silt-filled stream, to know that your land will make no returns this year, such knowledge spells suffering for hundreds throughout the Fraser Valley and elsewhere in British Columbia.

This newspaper is only too happy to join with others in British Columbia in placing its columns at the disposal of the B.C. Flood Emergency Committee to appeal for funds for those in the distressed areas.

Hundreds of citizens are in distress, particularly our farmers, many of whom have lost their life's work in the rampaging waters.

Many are homeless, all are sore at heart. Those of us who are spared have an obligation, to move now, today, to aid those who have been hit by this catastrophe.

In the name of suffering humanity we urge every reader of this newspaper to open his heart and pocketbook to this urgent appeal.

Give, and give as generously as you possibly can. In Sidney the Bank of Montreal will accept contributions; on Salt Spring Island, all Postmasters will assist in a unified drive as well as Salt Spring Lands Ltd. at Ganges. B.C. Flood Emergency Fund may be reached at 626 West Pender Street, Vancouver.

Now is the time to rally to what has become a national calamity. There, but for the grace of God . . .

Hundreds Attend May 24 Celebration At Fulford

GUIDES, BROWNIES STAGE CONCERT

A full auditorium, with standing room only, gave hearty applause to the concert on Friday evening staged at the High school by the Guides and Brownies under Mrs. Owen Thomas.

Nine variety numbers were given and the one-act play of the High school Drama Club completed the program.

Of unusually high quality were the costumes, designed and made by committee members, and the fine stag settings.

Cost of the dresses were met by the sale of candy during intermission. The dresses will be rented out for future presentations.

Mrs. Spear taught most of the dances and Mrs. Tom Morgan played the piano accompaniment.

Guides and Brownies presented songs and choicest of Mrs. Spear and Mrs. Morgan. Mrs. Thomas, leader, received a cake plate from the group. Avis Bosher, in her role of "Queen of Hearts," made the presentations.

Sidney Softballers Force A. & N. To Extra Frames

Sidney girls registered another win in the Senior A Softball League Tuesday night at the Memorial Park, but they had to go three extra innings to do it. The Army and Navy team put up a stiff battle before finally bowing out on an 11-8 score.

With the score tied 7-7 at the end of the third frame both teams went scoreless until the eighth when they collected one each to keep the game on an even keel.

In the 10th inning with one away and three on base Irene Clarke smacked out a two-bagger to secure a win for the Army and Navy. Ewen and K. Frost, J. Mayer crossed the plate on the throw in.

Annual May 24 celebration, sponsored by the Salt Spring Island Women's Institute at Fulford, drew hundreds from the southern portion of Salt Spring Island. With perfect weather, the parade commenced early in the afternoon from the Community Hall with many entries in each section. Parade Marshall was Mrs. M. Gyves; judges were: Mrs. Symington, W. McLean and Jack Macdonald.

Winners were as follows: Best fancy dress, 8 yrs. and under—1st, Roberta Akerman; 2nd, Scott and Susie Alexander.

Best decorated bicycle—1st, Gladys Patterson; 2nd, Arlene Tahouneh.

Boy's bicycle—1st, Pat Lee; 2nd, Laurence Warburton.

Decorated dolls carriage—1st, Roberta Akerman; 2nd, Marilyn Akerman.

Decorated wagon—1st, Barry Crooks; 2nd, Michael Jackson, George Laundry and Frank White.

A good sports program was managed by Constable Roy Whitehead assisted by Elmer Lee. Hot-dogs were served by Mr. and Mrs. Fergus Reid. Ice cream and miscellaneous supplies were dispensed by Mrs. J. White, Mrs. Forsen, Mrs. M. C. Lee and Mrs. Davis.

Mrs. O. A. Lacy, Mrs. W. Pyatt, Mrs. C. E. Kinder and Mrs. J. W. Graham served afternoon tea.

The bracket contest was won by Mrs. M. Gyves with Mrs. McCoy in second place. Mrs. R. Maxwell was in charge of the contest.

Baking powder biscuit contest was won by Mrs. Davis; Mrs. Lacy second, and Mrs. Townsend third. Mrs. J. White fourth. Mrs. Greensides, of Ganges, was judge.

A dance finished off the day with some 300 attending, adding an approximate \$131 to the Institute's funds.

FIRST BERRIES WHEN?

Who will collect the premium price for the first crate of Saanich strawberries? When will the berries be ready for market? These questions were put on Tuesday at the Fruit Growers' meeting in Keating Hall. Estimates vary from June 7 to June 10.

Amended Regulations For North Saanich

Full regulations covering the recently implemented "Town Planning Act" approved by residents of North Saanich and laid down by the Department of Municipal Affairs follow:

In view of the general interest shown, throughout the district, The Review prints the complete text as a public service. The inspector for the area has not yet been named, those recommended to sit on the Board of Appeal have not yet been authorized by the department, but the Board will probably be announced this week.

1—Description—These regulations shall apply to the area defined as follows: Section 22, Victoria Land District and North Saanich Land District, save and excepting all that area contained within the boundaries of any Indian Reserve and any property of His Majesty the King in the right of the Dominion of Canada.

2—The Area defined in Regulation 1 is hereinafter called "the area" and shall be known as the "North Saanich Regulated Area."

3—The Lieutenant-Governor in Council may appoint an Inspector for the Area.

4—The Inspector shall exercise the powers and functions conferred upon him by these regulations.

SUBDIVISIONS

5—The Approving Officer as defined in the "Land Regula-

Act" shall not approve of a plan of subdivision unless, in addition to compliance with section 85 of the "Land Registry Act," there is compliance with the requirements prescribed in Regulations 6 and 7 hereof, except where provision for the relaxation of said Regulations is made herein, provided that the Approving Officer, in cases where he considers strict compliance with the requirements of Regulation 6 would cause undue hardship, may, with the consent of the Inspector, approve a plan of subdivision without compliance with the requirements prescribed in Regulation 6.

6—No land shall be subdivided into lots or parcels for building purposes unless:

(a) A method of sewage disposal satisfactory to the Medical Health Officer is possible for each lot;

(b) Each lot in a residential district is at least 7,500 square feet in area and, in addition, is at least 60 feet in width and at least 100 feet in depth, or in a commercial or industrial district is at least 30 feet in width and at least 100 feet in depth. Where the area proposed to be subdivided is of such a shape, or the design of an adjoining subdivision is such, that in his opinion a variation from such measurements is justified, the Approving Officer may approve a plan showing such variation.

(c) Each lot or parcel resulting from the subdivision abuts on a public highway;

(d) The Approving Officer is satisfied that the subdivision design is suited to the configuration of the land in and about the area proposed to be subdivided, and to the road plan of adjoining subdivisions;

(e) All road allowances in the subdivision that, in the opinion of the Approving Officer, form a part or extension of the "major road plan" are planned to permit a finished grade not exceeding seven per cent and all other road allowances in the subdivision are planned to permit a finished grade not exceeding 12 per cent;

(f) Any road allowance in the subdivision that, in the opinion of the Approving Officer, forms or is likely to form a part or extension of:

(i) A major traffic road, is at least 80 feet wide;

(ii) A secondary traffic road, is at least 60 feet wide; and all other road allowances are at least 50 feet wide. Such minimum widths shall be increased where so required by the Approving Officer.

Where a proposed subdivision abuts on an existing road, half of the difference between the existing width and the required width, for class of road as above defined, shall be provided.

World Supply Oils, Fats, Still Short
Serious shortages of oils and fats to meet world requirements are likely to continue through 1948, and indeed for some years to come. In 1947 exports of oils and fats were only about 3 million metric tons against pre-war exports of 5 million metric tons. Exports from all principal producing countries, with the exception of North America and the Philippines, were less than pre-war, the most serious declines being in Manchuria and India.
Though exports in 1948 are estimated at 3.9 million metric

tons, it still leaves a serious gap between world supplies and world requirements. The countries which will suffer most from this scarcity are naturally those which normally import heavy and those whose domestic production has declined drastically.
CANADIAN BULL WINS
At the Royal Easter Show of the Agricultural Society of New South Wales the Jersey bull championship was won by the former Canadian bull Bellavista Samaritan Royal. This bull was purchased by the New South Wales Buying Delegation at Milner B.C., during the winter of 1947.

Local Yacht Club Social Committee

With the advent of spring, minds of members of Capital City Yacht Club, with headquarters at Canoe Cove, turn to thoughts of boating. The above committee, named to look after social activities of the club, are as follows: Left to right, Rear-Commodore and Mrs. J. M. Porter, Commodore and Mrs. E. H. Henshall and Ben Davies.

N.Z. GRAZING PESTS
The sheep farming industry in New Zealand is losing millions of pounds a year by grazing of such introduced animals as rabbits, red deer, chamois, thar, opossums, wallabies and wild pigs. The 21 million rabbits killed in New Zealand each year only one-third of the estimated total, would need as much grazing as would well over a million sheep. Apart from rabbits and opossum, nearly 100,000 animal pests were killed in 1946. These included 73,000 goats, 3,500 deer, 5,000 pigs and 4,000 wild sheep.

From the B.C. Capital

Premier Byron I. Johnson announced this week the appointment of three persons to represent the Provincial government in the Fraser Valley flood area. They are: W. H. Hicks, superintendent of the Dominion Experimental Farm at Agassiz, who will act for the government in that area; Rex Cox who will take charge in the Dewdney district; and W. L. Macken who will act for the government in the Chilliwack-Sumas area.

The officers have been given full authority to act on behalf of the government in proceeding with evacuation and disaster relief and have been empowered to take whatever steps they think necessary.

HOSPITAL INSURANCE
Dr. J. M. Hershey, assistant provincial health officer, has been appointed by the Provincial Cabinet as commissioner in charge of administering the province's compulsory hospitalization insurance plan.

Premium payments for the plan are expected to start Oct. 1 and the government hopes to have benefits available to the public Jan. 1.

Every person in the province must register under the new Hospital Insurance Act, whether he is to become a beneficiary or not. Registration forms will probably be available in July.

FREIGHT RATE INCREASE
The provincially-owned Pacific Great Eastern Railway will boost its freight rates by 21 per cent immediately, it was announced this week by John Hart, president of the railway.

The decision to increase the freight rates in line with increases awarded the national railways by the Board of Transport Commissioners was reached at a meeting last Wednesday of the railway directors.

Mr. Hart said the increase was necessary because the railway needs more revenues and the existing freight rates are low as it is. Operating expenses are climbing all along the line and a considerable amount of new equipment has been ordered.

The board of directors also authorized the purchase of 50 new flat cars at a cost of \$250,000.

AIR SURVEYS
Two aerial photographic detachments and 12 survey parties of the Survey branch will commence field work to relatively unknown parts of British Columbia early in June, according to the Hon. E. T. Kenney, minister of lands and forests.

Flying operations under the direction of G. S. Andrews, chief air surveys engineer, will be based at Kamloops, Dog Creek, Comox, Port Hardy, Smithers, Whitehorse and Teslin at various points during the season which extends until late September.

Two aircraft specially fitted for vertical and tri-camera photography will be used.
A. G. Slocomb will be in charge

of mapping on the West Coast of Vancouver Island in the vicinity of Brooks Peninsula. It is expected he will complete the mapping along the West Coast this year.

U.K. POTATO SUPPLY
Great Britain imports potatoes only when a domestic shortage occurs. During 1947 imports amounted to nearly five million bushels, largely from Canada, South Africa and Denmark. In 1948 about the same quantity will be imported. The domestic acreage target for 1948 is 1,428,000 compared with 1,330,000 in 1947, 1,423,000 in 1946 and 742,000, the average for 1936-38. Yields were 290 million bushels in 1947, 381 million in 1946 and an average of 182 million in 1936-38.

Notice To Mariners
Mariners are advised by Dept. of Transport that Kelp "Comox" Bar lighted bell buoy, Gulf of Georgia, B.C., is reported extinguished. This will be relit as soon as possible.

Mariners are also advised that the fog bell on Brothie Ledge Beacon, Juan de Fuca Strait, B.C., is out of commission. This will be repaired as soon as possible.

Mariners are further advised that on or about June 3 and without further notice the two red spar buoys in Burdwood Bay, Sutil Channel, B.C., will be discontinued.

Mariners are further advised that the light on Enterprise Reef, Trincomali Channel, B.C., is reported not burning. This will be relit as soon as possible.

TALKING OF TREES
Trees must have protection. Like any other living thing, they can be destroyed if their enemies—fire, insects, and disease—are present in sufficient strength to overcome their natural immunity or resistance. Our trees are so vital to our welfare and prosperity that we must make sure they receive every possible care.

Warm Weather Attracts Flyers At Airport

Jack Jenkins, pilot-manager of the local Flying Club, reports an influx of new members in May. 11 new members joined in the month. Rookie fliers Bob White and Bob Slade of Sidney, both await the inspector to sit for tests for their private pilot licences.

A. Anderson, a member of the teaching staff of Brentwood College, soloed last week.

Members of the club are planning to observe National Flying Clubs Week from June 13 to 19, held in honour of the 21st anniversary of the Royal Canadian Flying Clubs Association.

Chick Sales Equal '46; Down From '47

Commercial hatching of chicks in 1948 has been about equal to that of 1946, but for every three chicks hatched by the end of March a year ago, only two have been hatched this year.

In most provinces, however, each succeeding month is bringing larger sales and there is likely to be a substantial quantity of chicks produced this year despite the slower start, compared with the record period of 1947.

Much of the slack in chick sales in the prairie provinces would probably have been taken up earlier except for late and heavy snowfalls blocking deliveries by road. Chicks were delivered by air to some parts of rural Alberta.

SAANICH DISTRICT NOTES

SAANICHTON

Phone Keating 24F

Captain Nat Gray, East Saanich Rd., returned Friday from Vancouver, where he attended the Postmasters' convention and was re-elected president of the B.C. branch of Canadian Postmasters' Association. Capt. Gray was also one of 16 presented with a 25-year service badge for service in the post office dept.

Congratulations are being received by Mr. and Mrs. W. Johnston, Cultra Ave., Saanichton, on the birth of a son, James.

Saanichton Community Senior B boys again chalked up two more games to their credit with a 7-6 win over Sidney and 6-4 victory over Elk Lake Sunday.

Mrs. Bevan, of Vancouver, who has been spending a few days at the home of Mr. and Mrs. J. Looy, Saanichton, returned to her home Sunday.

A week-end cruise to Maple Bay and Montague Bay, B.C., was enjoyed by friends of Walter Brooks aboard his cruiser, the "Sunny C." and Maurice Atkinson's "Barbara 2."

M. Young, Interurban Rd., and Frank Leno Jr., Mt. Newton Cross Rd., left recently for six months aboard the survey boat, "Stewart."

Mr. and Mrs. J. Stewart, East Saanich Rd., have as their guests, their son Raymond, of Portland, Ore. and granddaughter, Katherine Smith, of North Pine, Peace River, B.C.

KEATING

Mrs. A. C. Butler, Keat. 102M

Miss Agnes Bolster returned by plane to Regina Monday, after spending a three-week vacation with her parents, Mr. and Mrs. H. Bolster, Keating Cross Road.

Mr. and Mrs. E. Fenton, Keating Cross Road, left Saturday for a holiday in Vancouver.

Mr. and Mrs. Herbert and son, Billy, have moved from their home on Keating Cross Road to Victoria. Mrs. Herbert has been a patient at Royal Jubilee hospital for some time.

Mrs. E. Middleton entertained at the tea hour recently in honor of Mrs. Ken O'Halloran, who arrived from Parry Sound. Her guests included Mrs. E. V. Bannister and her three daughters, Mrs. J. D. Holloway, Mrs. T. Sinclair and Mrs. K. O'Halloran; also Mrs. M. Bickford, Mrs. D. N. Joyce, Mrs. C. Butler, Mrs. H. Bolster, Mrs. R. Hurst, Miss Agnes Bolster and Miss D. Butler.

Mrs. J. D. Holloway arranged an afternoon tea in honor of her sister, Mrs. K. O'Halloran recently. The hostess presented her sister with a corsage of red roses.

The final 500 Card party for the season, under auspices of the Brentwood W.I. was held recently with Mrs. G. Patterson, Mrs. G. Robertson, Mrs. O. Williams and Mrs. H. Wood as hostesses. The winner were: Ladies' first, Miss Alice Hornigold; men's first, E. Holloway; consolation, Mrs. R. Ronson and Miss Worthington. The special prize was won by E. Holloway.

Mrs. G. Williams left Monday for Vancouver to attend the Provincial W.I. conference at U.B.C., as a delegate from Brentwood W.I.

Mrs. T. Haddon, Hagan Rd., left Monday to visit friends in Vancouver.

At the Dawson penthouse recently, Mrs. Robert Southwell entertained in honor of her husband's birthday. Some 40 guests were present, dressed in hard-times costumes; the ladies' first prize went to Mrs. Laura Oak, Victoria, dressed as a farmerette; the men's prize was won by L. Stihlbel in hobo attire. Anna Sivertson entertained the guests with comic songs and Mr. and Mrs. Southwell's son, Fred, played accordion numbers. Dancing was enjoyed by the guests followed by a buffet supper served from a table centred with a birthday cake cleverly decorated in pink and green with "Happy Birthday, Bob" inscribed on it.

A farewell social afternoon was held by Brentwood W.I. Tuesday of last week in honor of Mrs. W. O. Wallace, a member for 33 years, who is leaving the district. A corsage of roses and forget-me-nots was presented to Mrs. Wallace by Master Barry Lee. A gift of a silver mosaic brooch set with pearls was also presented to the guests of honor on behalf of the Institute. Mrs. Wallace expressed her deep appreciation to the gathering on receiving the gift. The tea tables were decorated with spirea, clematis and tulips by the hostesses for the occasion, who were Mrs. M. Atkins, Mrs. T. Haddon, Mrs. W. Moss and Miss Worthington.

James Greenhalgh, Stellys Cross Rd., who has been in the Veterans' hospital for the last two months, underwent his second operation last week. He is reported doing nicely.

Frank Vellacott returned by ambulance to St. Joseph's hospital on Saturday. He had been home for ten days.

George Robertson, who last year developed some outside potato plants, has been at it again. This time it's tulips over a yard high. They actually measure 36½ inches above the ground.

Mrs. W. J. Dignan, having been in St. Joseph's hospital for a week, came home Thursday to settle some business affairs before returning to the hospital for an operation.

form "Moodyville." The only other building in the area was a log fishing and hunting lodge built by the Moodys a year or two earlier, next to the present home of Mr. and Mrs. Norman Broadhurst at the end of Stelly's Cross Road.

An ardent fisherman, Mr. Saunders has been trolling the Inlet for the last 50 years. "In the early days we used to travel out from Victoria by train," he recalls. "We'd take the E. & N. as far as Seventeen Mile Point, then walk down to the water where we kept a boat. There were four of us who fished together all the time: Percy Lawrie, Chris Holley, Tom Reading and myself. The other three have all died since."

Mr. Saunders passed his 77th birthday two weeks ago. He first arrived in Victoria from his native Plymouth in 1892. He became the first full-time member of Esquimalt in 1913, after having served as rate collector for 10 years for the Esquimalt Water Works, a

At the annual Golf tournament held during the week at the Salt Spring Island Golf Club, Mac Mouat won the Matson cup in the men's open championship, defeating D. K. Crofton 2 and 1. The Rose Bowl, in the open championship for ladies, was won by Mrs. Lois Hayes, 4 and 3, runner-up Miss Brydie Wilson. Other winners were as follows:

Men's low gross—D. K. Crofton.
Ladies' low gross—Mrs. R. T. Meyer.
Men's low net—Gordon Parsons.
Ladies' low net—Mrs. R. T. Meyer.
Men's 1st flight—W. K. Wickens; runner-up, Fred Morris.
Ladies' 1st flight—Mrs. R. T. Meyer; runner-up, Mrs. Mac Mouat.
Men's 2nd flight—R. T. Meyer; runner-up, W. F. Thorburn.
Ladies' 2nd flight—Mrs. Bishop Wilson; runner-up, Mrs. T. Lang.
Men's 3rd flight—John Allen; runner-up, P. E. Lowther.
Over 100 members and friends were present for the finals, following which tea was served in the attractive grounds at "Barns-

bury" by Mrs. Lois Hayes and Misses Shirley and Brydie Wilson, assisted by Mrs. W. K. Wickens and Mrs. A. B. Elliot.

The president, W. K. Wickens expressed his pleasure at seeing so many present. He stated the club had started a successful season and many new residents had joined. He then presented the cups and other trophies to the successful competitors.

Many Pay Last Respects To W. Deacon, Mayne Is.

Residents of neighbouring Gulf Islands, from Vancouver and Victoria travelled to Mayne Island last Wednesday to pay their last respects to William Deacon, 82, of Mayne Island, who died on May 24.

An early B.C. pioneer who drove the Old Caribou Trail, Mr. Deacon arrived on Mayne Island with his parents 60 years ago.

In those days he thought nothing of rowing to Sidney or New Westminster with a load of farm products. Steamers were not then operating regularly. His farm "Hardscrabble," is a well-known landmark on Mayne Island. It is also used as a golf course. Mr. Deacon cleared it entirely by hand and horse team.

Two sons survive the pioneer, John, of Victoria, and Wilbur, Mayne Island; a daughter Mrs. Fred Hopton, Campbell River; two brothers J. H. Deacon, Vancouver, and Dalton Deacon, Mayne Island.

Mrs. Sam Brethour, of Sidney, is a sister, and Ernest Deacon, a detective of the Vancouver Police Force, is a nephew.

MORE ABOUT REGULATIONS

- ing a permit in respect thereof from the inspector.
- 10—Before considering an application for a permit, the inspector shall require the applicant to furnish evidence of compliance with Regulation 6 (g) hereof, and such plans, specifications, and other information as he thinks proper.
- 11—Except as provided in Regulation 37 hereof, the inspector shall not issue a permit for any building unless it complies with the requirements of the following clauses:
- (a) Any building intended for human or animal habitation, or a place where people may congregate, such as a community hall, dance hall, or similar use, or as a food-catering establishment, shall have provision made for sewage disposal satisfactory to the Medical Health Officer, and the water-supply shall be satisfactory to the Medical Health Officer;
- (b) There shall be not more than one dwelling on each 7,500 square feet of land except where subdivision into parcels of less area has been made prior to the date of these regulations or as provided for in Regulations 5 and 7 hereof, in which case a minimum area of land of 6,000 square feet shall be provided for each dwelling. Provided however, that this shall apply to single and two family dwellings only and not to living quarters forming part of a store or similar commercial use or to multiple dwellings;
- (c) Structural details and plumbing installations shall comply with the National Building Code of the National Research Council of Canada.
- (d) No building intended for human habitation shall have a floor area of less than 500 square feet;
- (e) The window area in any room intended for use for human habitation shall be at least one-tenth the floor area;
- (f) Where adequate sewage disposal and sufficient water facilities are available every building intended to be used for human habitation shall be provided with at least one sink and one toilet and one bathtub or shower properly connected to the approved sewage disposal system;
- (g) Where land is occupied or is to be occupied by more than three dwellings per acre or by more than three families per acre, if a sufficient water supply is available, flush-toilets draining into septic tanks or otherwise satisfactory to the Medical Health Officer shall be provided;
- (h) Where privies are permitted, they shall conform to the requirements of Regulation 16 (f) of the Regulations for the Sanitary Control of Industrial Camps;
- (i) No septic tank, or building, other than accessory buildings which, in the opinion of the Medical Health Officer, are not likely to cause pollution of water, shall be erected within a less distance than 50 feet from the normal high-water line of any lake, the waters of which are used for swimming or drinking by human beings; nor from any stream draining into such a lake, provided that the prohibition in the case of said stream may be waived at the discretion of the Medical Health Officer.
- 12—(a) Tourist camps conforming with the regulations made under the "Tourist Camp Regulation Act" shall be exempted from the requirements of Regulation 11 hereof;
- (b) Tourist camps shall be located only on sites approved by the Appeal Board;
- (c) Tourist camps shall not be occupied by other than transient guests or bona-fide tourists with the consent of the Appeal Board;
- (d) Any installation, erection, or use of electrical equipment shall be subject to the regulations made under the "Electrical Energy Inspection Act";
- (e) All structures shall conform with the provisions of the "Fire Marshal Act" and with any regulations pursuant thereto.
- 13—The Inspector may withhold a permit for, or order the removal of, any structure, the existence of which is in his opinion contrary to public interest. The Inspector, in his order for removal shall name a time by which such structure shall be removed and give the reasons for requiring said removal.
- 14—If a permittee has not commenced to exercise his rights under the permit within six months from date of issue, the permit shall expire.
- 15—Where a person carries a permit, he shall obtain a construction in accordance with the terms on which the permit is based and not otherwise.
- 16—The Inspector shall have power to enter upon and inspect every building in the course of construction in the area.
- 17—If any person is erecting a building without a permit, or

- that is not in accordance with the plans and specifications on which the permit is based, the Inspector may:
- (a) Order that person to cease building; or
- (b) Order that person to conform to the plans and specifications, or
- (c) Order that person to remove the building within a time limit to be stated in the order.
- 18—With the consent of the Appeal Board the owner of any building that does not conform to Regulation 11 hereof may be ordered by the Inspector to make such alterations or additions or do anything that may be necessary to bring said buildings into conformity with said regulation by a date to be specified in the order.
- 19—Every person to whom an order is directed pursuant to those regulations shall obey the order.

ZONING

- 20—The area is divided into districts of the following classes:
- (a) A "rural district" being a district shown uncoloured within the boundaries of the area bordered red on a plan deposited in the Department of Municipal Affairs and also in the office of the British Columbia Provincial Police in Sidney;
- (b) An "urban district" being a district coloured yellow on said plan;
- (c) A "commercial district" being a district coloured purple on said plan;
- (d) An "industrial district" being a district coloured grey on said plan.
- 21—Land in a rural district shall not be subdivided into lots of less than two acres except as otherwise recommended by the Board of Appeal.
- 22—No person shall use land in a rural district for other than the usual rural or residence uses, which shall include agriculture and horticulture and associated uses but shall not include retail stores and similar commercial uses or factories.
- 23—In an urban district:
- (1) No person shall use land for purposes other than:
- (a) Residential, churches, schools, community halls, non-commercial greenhouses, and other uses deemed by the Board of Appeal to come within the meaning of "customary residential uses";
- (b) Rural uses, other than the raising of animals except as provided in clause (2) hereof, provided that where a rural use creates or is likely to create a public nuisance the Medical Health Officer may order its discontinuance;
- (c) Accessory buildings located in a rear yard and uses customarily incident to the above uses, provided that a building to shelter domestic animals must be situated not less than 100 feet from any well, spring or creek, and if less than 100 feet then as far as the shape and size of the lot permits from a dwelling on the same or any adjacent lots.
- (2) The keeping of domestic or domesticated animals shall be permitted unless the Medical Health Officer otherwise decides.
- (3) No person shall erect a building on a site unless there is compliance with the following conditions:
- (a) The height of a building shall not exceed 35 feet or two and a half stories;
- (b) No building site shall be occupied by buildings to more than 33 per cent of its area;
- (c) A rear yard shall be provided of not less than 25 per cent of the lot depth, and it shall in no case be less than 25 feet in depth;
- (d) Side yards shall be provided not less in width than ten per cent of the width of the site, and in any case not less than five feet, provided that no side yard need exceed ten feet in width, and further provided that where a building is not served by a rear lane, one side yard at least ten feet in width, not obstructed and open to the sky, shall be provided;
- (e) On a corner lot at the rear of which are lots fronting on the flanking street, the yard paralleling the flanking street shall be not less than 12½ feet wide.

- 27—No person shall erect a building on a lot so that any main front wall will be closer to the street in front than 20 feet.
- 28—Notwithstanding the provisions of Regulations 22, 23, 24 and 25 hereof:
- (a) A tourist camp may be established in any district subject to the approval of the Board of Appeal, but no part shall be used as a permanent residence unless it complies with the height and area requirements of Regulation 23;
- (b) Commercial uses shall be permitted in residential districts, only in the same block and facing the same street as a commercial use which exists at the date of these regulations, and with the approval of the Board of Appeal. Such permitted use shall conform to the provisions of Regulation 24 hereof.
- 29—(1) Any use of land or buildings contrary to the provisions of Regulations 20 to 28 inclusive but which existed prior to the coming into effect of these regulations, may be continued, unless in the opinion of the Medical Health Officer and the Inspector, such continuance is prejudicial to public health or interest;
- (2) No nonconforming use which has been discontinued for 30 days shall be renewed.
- (3) The lawful use of a building existing at the time of the coming into effect of these regulations although such use does not conform to the provisions of Regulations 20 to 28 inclusive, may be extended throughout the building, but no structural alterations shall be made nor shall the nonconforming use be carried beyond the limits of the existing building.

REMOVAL OF BUILDINGS

- 30—If the Medical Health Officer having jurisdiction in the area finds that any building is dangerous to the health of the land, and he may either:
- (a) Require the owner to put the building in a safe condition within the period of time limited in the order; or
- (b) Require the owner or occupant of the building to vacate it within 30 days from the date of the order, and he may also order the owner to demolish the building within a time limited in the order.

APPEAL

- 31—(1) Except in the case of subdivision requirements in respect of which provision for appeal is made in the "Land Registry Act," any person who considers that any refusal to grant him a permit, or any order issued to him under these regulations, will cause him undue hardship shall have a right of appeal by way of a hearing before the Board of Appeal.
- (2) Any person exercising the right of appeal shall file with the secretary of the Board of Appeal with ten days of the giving of any decision under the foregoing regulations a written notice of appeal therefrom, which shall state clearly the grounds (Continued on Page Eight)

Despite Shortages We Haven't Been Marking Time

Despite continued shortages of equipment and material the B.C. Telephone Company and associated companies in B.C. have been making big strides in their efforts to serve as many people as possible. The years 1946 and 1947 were, of course, record years for telephone installations, and 1948 also promises to show a large increase in telephones. To offset this, however, there has been a record demand for service largely due to B.C.'s record population growth.

MORE ABOUT REGULATIONS

upon which the appeal is made. The appellant shall therein give an address to which all notices may be mailed.

(3) The secretary shall notify the chairman of the Board of Appeal of said notice of appeal, the said chairman shall set a date for the hearing of the appeal, which shall be within seven days of the filing of the notice of appeal. Four days notice of the said hearing shall be mailed by the secretary, by registered mail, to the appellant, posted to the address given in said notice of appeal, and also to such other persons as may be designated by said chairman. Where the appeal is for permission to establish a tourist camp as provided in section 28 hereof, any of the owners or occupants of adjacent lands whom the chairman deems may be affected thereby shall be notified of the hearing of the appeal.

(4) The Board of Appeal shall consist of five members who shall hold office for two years only, unless reappointed. Each member shall be a resident registered land-owner in the area, and shall be appointed a member of the Board by the Minister of Municipal Affairs upon the recommendation of the resident land-owners in the area. The Board shall be presided over by a chairman to be chosen annually by the members thereof. Three members shall constitute a quorum.

(5) In the event of the death, resignation, or removal from office of any member of the Board, the vacancy thereby created shall be filled within 30 days after the death, resignation, or removal, and until the appointment of a successor to such member, the remaining members shall constitute the Board.

(6) The Board of Appeal may hear witnesses and take any other steps it may consider necessary to ensure a proper consideration.

(7) The chairman of the Board of Appeal shall have authority to administer oaths to the witnesses on the appeal.

35-In disposing of appeals the Board of Appeal may make such relaxations of these regulations, or of any order issued pursuant to these regulations, as the Board of Appeal considers necessary to ensure substantial justice.

36-The decision in writing of a majority of the members of the Board of Appeal having jurisdiction shall be the decision of the Board, and the Board shall not be required to readjudicate the same appeal on the same set of facts.

37-Where the decision of the Board of Appeal relaxes any of the regulations herein, it shall be competent for the Inspector to issue a permit or an order conforming to

said decision.

38-The Inspector shall act as secretary to the Board of Appeal and shall keep a record of proceedings of all meetings of said Board. He shall forward a copy of the decision of the Board in respect to any appeal to the appellant concerned.

PENALTY

39-Any person failing to carry out any provisions of an order issued pursuant to these regulations shall be guilty of an offence and shall be liable, on summary conviction, to a penalty not exceeding \$100 for each ten days such violation continues.
